Action:

Thank you for showing an interest in volunteering with the Museum of Computing in Swindon. The Museum is entirely run by our team of volunteers.

We have over 100 exhibits of computers, interactive displays and game consoles - many of which are live machines which allow our visitors to really experience computers as they were in the past.

The Museum is popular with both children and adults and we also welcome school visits and operate a Children's Computer Club. Please note: positions are unpaid and we are unable to pay expenses. Volunteer minimum age is 18 years old.
